

A HOME ENERGY SOLUTIONS ASSESSMENT— REAL ANSWERS, REAL BENEFITS!

ONLY
\$75

A TERRIFIC DEAL...ALMOST TOO GOOD TO BE TRUE!

SAVINGS START RIGHT AWAY! Two highly-qualified technicians spend 2 1/2 – 4 1/2 hours, depending upon the characteristics of your home, assessing your home's energy efficiency.

■ AIR LEAKS SEALED

A large fan (blower door) is mounted to an exterior door to depressurize your whole house. Major air leaks will be identified and sealed by our technicians, using door seals, door sweeps, caulking and foam.

■ DUCT TESTING AND DUCTS SEALED

If your home has air conditioning, a large fan (duct blaster) will be used to measure leakage in your system. Duct mastic and/or silver tape may be used to seal leaks.

■ LIGHTING SURVEYED AND MADE MORE EFFICIENT

This program allows up to 14 compact fluorescent bulbs to be installed—and this alone can be worth as much as \$75.00!

■ WATER EFFICIENCY IMPROVED

Technicians measure flow rates from all faucets and showerheads and will offer to install aerators and low-flow showerheads, as well as hot water pipe insulation where appropriate.

■ POWER USAGE MEASURED

You get a power meter (yours to keep and use) that you can attach to your appliances to determine how much power is being consumed.

■ MAJOR APPLIANCES CHECKED

The technicians will survey your appliances and tell you about the rebates that are offered for the purchase of new Energy Star appliances. These rebates are doubled if the appliances are purchased within 45 days of the assessment!

**JUST \$75, A FEW HOURS,
IMMEDIATE IMPROVEMENTS!**

The savings begin as you simply use less energy...and this assessment has an estimated value of over \$600, and could be worth even more to you!

HERE'S WHAT SOME CUSTOMERS HAVE TO SAY ABOUT THEIR HOME ENERGY ASSESSMENT AUDIT:

***“Best \$75.00 (seventy-five dollars) ever spent!
... Worth while and wonderful job done by
Wesson Energy. 100% satisfied!”***

– L.G., Plymouth

***“The men were so polite and neat, they put
booties on their boots and blankets down.
They said ‘yes ma'am and no ma'am’ when
speaking with me. It was very professional.
My husband found it very interesting too! Highly
recommend it!”***

– B.L., Woodbury

***“Excellent program! Very professional, very
efficient and very knowledgeable. The
technicians gave me great ideas and
recommendations!”***

– A.L., Bethany

***“Its a very worth while program! It showed me
the flaws in my house. I was also very pleased
with the light bulbs. Surprised at all of the
choices and how modern looking the bulb are.
The bulbs are a great way to save energy. The
technicians were very professional and
explained everything to me. They gave me the
results at the end of the audit as well.
Absolutely very happy with the results!”***

– M.A.H., Waterbury
